"NEITHER CAN WIN"

VIEW EXPRESSED BY WARFIELD ON FOLK-CLARK CONTEST.

WILL DESTROY HARMONY

Says Delegates of Other States Would Not Risk Party Success—Missourians at Head of Both Houses?

"Where a state is engaged in a factional fight over two candidates from that commonwealth for the presidential indorsement it is certain that neither can receive the nomination from the national convention."

In this way former Governor Edwin Warfield of Maryland, who is in St. Louis on business, referred to the fight between the champions of Speaker Clark and former Governor Folk in Missouri, says the St. Louis Times.

The former Maryland official declared that the fact that there was a contest on as to which one should be indorsed as Missouri's candidate would raise a doubt as to whether, if either were selected, it would solidify the political strength of the state. The nominations are made with a view of solidifying the party, which, he said, the selecting of one and the ignoring of the other could not accomplish.

"Missouri is much like Maryland," he continued, "in that it is rent with factional differences in a fight against old conditions that have resulted in making the state doubtful. In that connection I have the greatest admiration for both Governor Folk and Speaker Clark, but a fight between the two will not tend to any harmonious result in the state.

"And the other states or delegations from other states would not consent to risking the nomination to a candidate who had a bitter factional fight to secure the indorsement from his home. Nominees are expected as a matter of course to carry their home state, and if factions are created through an indorsement it is extremely doubtful whether that can be accomplished.

"To my mind there is no doubt that the nomination of the Democratic party next year rests between Wilson—" and then Governor Warfield thought a moment as if he would change the order of chance, "—between Governor Harmon of Ohio and Governor Wilson of New Jersey. Both of them stand high in public estimation, both are highly regarded as leaders whose courage and experience qualify them for the presidency.

"It would be an interesting thing if Governor Folk should be placed on the ticket with whichever one of these two is nominated. With either Harmon or Wilson as the nominee for president, the ticket would be made strong by the nomination of Missouri's former Governor for second place. Such a matter would create a strange condition, should the ticket be elected, in that it would place Missourians at the head of the two houses of congress. That would create a condition which, I do not believe, has existed in the history of the country.

"I greatly admire Speaker Clark, but the talk of his candidacy for president disturbs the work he has in charge as speaker of the house. The campaign will be fought on what work is done in the next session of congress, and he should remain where he is, to finish the work started. Upon the work of that session depends the success of the Democratic ticket in the next campaign. His being urged for the presidency while that work is under consideration would divert from the necessary labor to bring about a successful accomplishment, and could not bring about as successful a result as it would be if the head of the house was permitted to attend to his duties without molestation. Mind you, I do not say this in anything other than in a friendly spirit to Speaker Clark."

A marriage license was issued Tuesday to Lee Wright and Rose B. Hayzlett of Graham.

Vernon, Laura Pittman teacher; Guthrie, Leatha Patterson teacher; Lone Tree, Edith Patterson teacher, and Evans, Vesper Nicholas. At half-past ten each teacher met her school in a wagon and hayrack. They all spent a very pleasant day playing various games and gathering nuts. Each one took dinner which was very inviting when served on the green grass in the woods. Each school had its songs, yells and colors. About 4 o'clock the jolly crowd parted, singing "God Be With You Till We Meet Again."

WHITE POPULATION OF COUNTY AS SHOWN BY CENSUS.

144 SLAVES WERE HERE

Only Half of the Population Could Read and Write—In 1850 the Population Was Only 2,118.

An interesting relic of ante-bellum days which may be seen at The Democrat-Forum office is a copy of the first paper ever published in Maryville, the Maryville Reporter, which contains many (to the present-day reader) curious items. Some valuable facts on the census of 1860 are published in the issue of December 14, 1860, which are here republished:

Males under 10 years of age	1,333
Females, under 10 years of age	1,342
Males over 10 and under 18	747
Females over 10 and under 18	748
Males over 18 and under 21	185
Females over 18 and under 21	150
Males over 21 and under 45	1,168
Females over 21 and under 45	1,080
Males over 45	559
Females over 45	286
Total number of males	3,907
Total Total number of females	3,476
Total white population	7,583

Of this number 3,774 can read and write.

There are in the county 144 slaves, 70 of whom are males. There are but two free negroes in the county.

In addition to the above we have two mutes, two blind, and one insane. The oldest person in the county is 102 years old.

"Hampden," two weeks since, estimated the population of the county at 7,410. A mistake of the printer made him say 6,410. His calculation therefore proves to have been very correct.

The number of children entitled to school privileges is 2,315.

Our population in 1850 was but 2,118. Considering the adverse circumstances, our increase has been very rapid.

PROPOSAL IN A BOTTLE.

Tarkio Man Wants Good-Looking Comanche Girl.

A dispatch from Medicine Park, Okla., to a St. Louis paper had the following:

"Wanted, to marry a Comanche county girl; one that's lovable and dutiful; no objections to poor if good looking. (Signed.) Alfred McNulty, 26, Tarkio, Mo., worth $100,000."

This matrimonial proposal, written on a card, inclosed in a bottle, was found today by members of the Boy Scout troop from Lawton when they climbed to the top of Mount Scott, near Medicine Park.

Inquiry reveals that Alfred McNulty is a cousin of Mrs. Ernest O. Gilliam of Lawton, Okla., whom he visited last week. He departed this morning for a western Oklahoma trip. McNulty owns several valuable Missouri farms near Tarkio.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy.

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Build Only One Fire a Winter

It is so perfect in construction that fire keeps all night—It saves the gases wasted with other stoves.

The cost of the stove is saved in fuel. $5.00 worth of soft coal, hard coal or lignite, or a $1.50 ton of slack or screenings will do the work of twice the amount of fuel in other stoves.

It is guaranteed to remain always air-tight, which means that it is always a fire-keeper.

FREE REMEDY HELPS CHILDREN

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.

Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. Then, it is mild and never gripes. It is all that a child's remedy should be, though it is a good laxative for the whole family because it is effective at all ages. It is not dynamic like salts, pills and powerful cathartics, which should not be given to children under any circumstances.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—wonderful results have been secured with Syrup Pepsin over night.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle direct to your home. Then when satisfied buy it of your favorite druggist.

For the free sample address him. Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

EFFICIENCY.

How Many Men Know How to Keep It at Par.

Thousands; yes tens of thousands of men, grow old ten years too soon.

If you are a man and realize that your efficiency is on the wane and that you are losing money and happiness in consequence, get a 50-cent box of Mi-o-ni stomach tablets today and take two after or with each meal for three days; then take one with each meal regularly until you feel well and vigorous.

Mi-o-na stomach tablets disinfect, tone up, restore elasticity to the stomach and intestinal canal and end indigestion. They do more; they increase the nutrition of the body, and in case of nerve exhaustion, sleeplessness, night sweats, bad dreams or any condition that requires a restorative, they act with astonishing rapidity. They can be found at the Orear-Henry Drug Co. and helpful druggists the world over.

Mrs. Thomas McDowell of South Main street went to St. Joseph Monday evening on a few days' business trip.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby of Marengo, Wis. (R. No. 1), prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price, 50c and $1.00. Trial bottle free. Guaranteed by the Orear-Henry Drug Co.

Mrs. J. B. Robinson and son Chilton returned Monday evening from their visit at Fairfield, Ia., with Mrs. Robinson's brother.

COWETA TROUBLE NOT YET SETTLED

White Man Shot by Negroes and Another Disarmed.

SEARCH NEGRO HOMES FOR ARMS

Presence of State Troops Helps to Smother Second Outbreak—County Attorney's Death Has Aroused Whites.

Coweta, Ok., Oct. 24.—The race hatred which resulted in riots between negroes and white men here was augmented when it was learned that one white man had been waylaid and shot by negroes outside the town and another had been robbed of his arms.

The man who was shot was John R. Thompson, a section man for the Missouri, Kansas & Texas Railroad. He was found lying beside the track with one leg shattered by a bullet which was fired by a negro.

The man who was robbed was Herman Rea. He lives in the country and was on his way to town when negroes stopped him and took his weapons.

A report has reached here that two farmers have been killed in the country.

The presence of the state troops which are patrolling the town has prevented further trouble between the antagonistic races. The soldiers acted as guards after their arrival and are still on duty. They probably will remain here until the sheriff and extra deputies he will swear in are able to control the situation.

The soldiers searched the homes of a number of negroes and found arms in all of them. These arms were seized. Twelve negroes were arrested and sent in chains to the county jail in Wagoner.

The great fear here is from an invasion of negroes from the surrounding country. Coweta lies in the heart of a black belt, and if the negroes should so determine they could put a thousand armed men in Coweta within a few hours.

Carmen Oliver and Stellar Thompson, the two white men who were wounded are in a critical condition and not expected to live. Oliver is in a hospital here.

B. J. Beavers, the white lawyer who was killed, was a graduate of Leland Stanford University. He was prominent and popular in this section of the state. He and the other two white men shot were innocent bystanders, and Beaver's death in particular has aroused the whites. The riddling of Ed Suddeth with bullets by white men after he had once been strung up with a rope and let down before he was dead and after he had been turned over to a sheriff to be conveyed to the county jail at Wagoner, is an indication of the increasing wrath of the white men.

There has been race trouble twice before within the year in or near Coweta. The shootings were an outbreak of cumulative events.

DUMMY FIGURE ROUTED BURGLAR

When Night Prowler Saw it Move He Clubbed it and Fled.

San Francisco, Cal., Oct. 24.—After a vicious attack on an electrical dummy that graced the residence of Judge A. B. Treadwell of this city, a burglar fled from the premises leaving his loot behind. The imitation halberdier sustained a badly fractured headpiece and internal injuries.

The mail-clad dummy stood at the threshold of the main stairway in the Treadwell home. Pressure upon the staircase completed an electric circuit which caused the dummy to wave its arms, at the same time bursting forth in illumination. The burglar promptly "black jacked" the halberdier and fled.

Freed Woman Who Shot Him.

Tulsa, Ok., Oct. 24.—William Neff, formerly chief of detectives, who was shot by Mrs. Fannie Fagan in her apartments Friday night, is dead. Neff signed an affidavit stating he was the aggressor and that the shooting was justifiable. Neff was about 35 years old.

A Poison Case in Chicago.

Chicago, Oct. 24.—Chicago has added a "poison case" to the list of such cases appearing in courts in half a dozen states. Mrs. Helen Russ secured a warrant for her husband, John Russ, charging him with putting morphine in her food.

LOOKS BAD FOR REV. RICHESON

Druggist Who Sold Poison Adds to First Statement.

MEDICINE TO KILL "PUPPIES"

Preacher Still Declare His Innocence —Relatives Will Assist and Legal Talent Will be Best Obtainable.

Boston, Oct. 24.—A startling bit of evidence which has been in the hands of the police for some time, but which they have carefully guarded, has just become known in the case of the Rev. Clarence V. T. Richeson, the Baptist minister charged with the murder of Avis Linnell.

When the police gave out the statement of William H. Hahn, the Newton druggist, where the Cambridge pastor is alleged to have bought cyanide of potassium, the drug that caused the death of Miss Linnell, they said the pastor had asked Hahn for a poison which "would kill a dog at his home, which was about to give birth to puppies."

It is said on authority that Hahn, the druggist, added another sentence to the conversation he claims to have had with Richeson and that the minister also said:

"I want a poison which will kill the puppies without killing the dog."

Hahn declared, it is said, that he said that he knew of no medicine or drug which would do this. The police attach considerable significance to this version of the conversation.

While the state was collecting its evidence, Mr. Richeson faced two leading members of his church and declared:

"I'm innocent and will prove it when the time comes."

Another visitor was his sister, Miss L. V. Richeson of Saranac Lake, N. Y., who spent nearly an hour at the door of cell 47, where the pastor is confined in what is known as "murderers' row."

All that money and the legal profession can provide to aid Richeson apparently will be forthcoming. In addition to the statement of Moses Grant Edmands, father of Richeson's fiancee, that the minister would have the best counsel money could provide, further assistance has been promised from his own family. Assurances of support came from Dr. W. A. Richeson of Amherst, Va., a wealthy uncle, who declared his fortune was at the command of the defense.

In view of the fact that the case is now in the hands of the district attorney and will be presented to the grand jury Thursday, a special sitting has been called to avoid a hearing before the municipal court.

EXPLOSION KILLS NINE MINERS

Black Damp in Illinois Mine Ignited When Keg of Powder Explodes.

Harrisburg, Ill., Oct. 24.—Nine men were killed, ten dangerously wounded were carried up by rescuers and fifteen more were imprisoned by a cave-in as a result of the explosion of a keg of powder, which ignited black damp in O'Gara mine No. 9, a mile south of here.

That more lives were not lost was due to the fact that the shift was changing when the explosion occurred. The explosion, although it occurred 400 feet down in the earth, was heard here.

Several men, protecting themselves with clothes over their noses and mouths, had themselves lowered down into the pit and began sending up the dead and injured.

WALSH DIES OF HEART DISEASE

Paroled Banker Out of Prison But a Week When he Was Stricken.

Chicago, Oct. 24.—John R. Walsh, former banker, publisher and railroad owner, released a week ago from the Leavenworth federal penitentiary, died of heart disease.

Mr. Walsh was 74 years old. Death came just nine days after his release on parole from the federal prison, where he had served one year, eight months and twenty-six days of a five-year sentence on a charge of misappropriating the funds of the bank to teh use of other enterprises.

Crop Pays for Land.

Wichita, Kan., Oct. 24.—The broomcorn center is Ellis county, Oklahoma, according to figures compiled by a Gage statistician. The Atchison, Topeka & San Fe railroad had a train of broomcorn out of Gage Saturday. The cars held ten tons each and each ton will make 800 brooms. Farm owners have made from broomcorn this year more than the purchase value of their land.

Rodgers is Resting.

San Antonio, Tex., Oct. 24.—Cal P. Rodgers, the aviator flying from New York to the Pacific coast, is spending the day here, making repairs to his biplane.

BIRDS CARRY HOG CHOLERA

EPIDEMIC IN KANSAS WORST EVER KNOWN.

Farmers Are Warned to Burn Diseased Carcasses—Being Used by Soap Factories.

Topeka, Kan., Oct. 24.—J. H. Mercer, state live stock sanitary commissioner, is making an investigation into the widespread epidemic of hog cholera to determine how the disease is carried from one farm to another, long distances apart. Kansas now has the most serious outbreak of the disease the state has ever known, and it is estimated by the live stock department that more than $1,000,000 has been lost this fall through the disease. The agricultural college serum plant is unable to supply the demand.

It is believed that the disease is carried by birds, and if this is the case the farmers themselves are to blame for the spread of the cholera. Mr. Mercer is making his investigations preparatory to making a set of regulations that are expected to be a great help in preventing the spread of cholera over the entire state as it is at present.

Dr. O. O. Wolf, a member of the state veterinary board, has sent out a warning to the farmers throughout the state urging that all cholera hogs be burned or buried to prevent birds getting at their bodies and carrying the disease to other hog lots.

Aa outbreak of the disease at LeLoup has wiped out five herds of hogs, and this was caused by the dropping of some litter from a car load of dead hogs being shipped to a Kansas City soap factory.

KILLED SWEETHEART AND SELF

Pierce City Man Had Tried Suicide Twice Before Over Same Woman.

Joplin, Mo., Oct. 24.—Lee Guthrie, 28 years old, a brakeman of Pierce City, Mo., shot and dangerously wounded Minnie Haynes, 27 years old of Joplin, in a rooming house at Pierce City and then sent a bullet into his own brain, causing death. Miss Haynes had refused to marry Guthrie.

Guthrie had lived in Joplin and his suicide was the third attempt in the last two months. A few weeks ago he attempted suicide in an Oklahoma railroad camp. Two months ago in Joplin Guthrie took poison but was saved by physicians.

At that time Miss Haynes laughed at him and called him a fool.

The girl had two bullet holes in her head. One bullet had killed Guthrie and he still gripped the revolver in his hand. The whereabouts of the girl's parents are unknown here.

FIRE DESTROYS COUNTY SEAT

Cabool, Missouri, Almost Wiped Out by Blaze of Unknown Origin.

Springfield, Mo., Oct. 24.—Fire at Cabool, county seat of Texas county, destroyed practically the entire business district. The origin is unknown. The loss is estimated at $65,000, partly insured. Fourteen buildings, including the Bank of Cabool, were burned to the ground. Other adjoining buildings and residences were badly damaged.

The fire was first discovered in the Roberts Mercantile store at 3 o'clock in the morning. Cabool has no fire department and hundreds of residents formed a bucket brigade finally succeeding in checking the flames.

Clark Howell, a hardware dealer, and Frank Burtman, a clerk, were injured by falling glass.

Land Lottery Opens.

Gregory, S. D., Oct. 24.—The Rosebud land lottery is open. On the choice of one of the little girls rests the decision as to who will be the owner of the richest quarter section of land in the Rosebud and Pine Ridge reservation. This land will adjoin the new townsite on the reservation and as soon as title is prefected can be sold as town lots.

Rolla School 40 years Old.

Rolla, Mo., Oct. 24.—The corner stone of the new library building of the school of mines, known as Parker Hall, in honor of the late L. F. Parker, was laid here. This is the fortieth anniversary of the school, and to celebrate this event, also, Director L. E. Young of the school of mines prepared an elaborate program.

"NEITHER CAN WIN"

VIEW EXPRESSED BY WARFIELD ON FOLK-CLARK CONTEST.

WILL DESTROY HARMONY

Says Delegates of Other States Would Not Risk Party Success—Missourians at Head of Both Houses?

"Where a state is engaged in a factional fight over two candidates from that commonwealth for the presidential indorsement it is certain that neither can receive the nomination from the national convention."

In this way former Governor Edwin Warfield of Maryland, who is in St. Louis on business, referred to the fight between the champions of Speaker Clark and former Governor Folk in Missouri, says the St. Louis Times.

The former Maryland official declared that the fact that there was a contest on as to which one should be indorsed as Missouri's candidate would raise a doubt as to whether, if either were selected, it would solidify the political strength of the state. The nominations are made with a view of solidifying the party, which, he said, the selecting of one and the ignoring of the other could not accomplish.

"Missouri is much like Maryland," he continued, "in that it is rent with factional differences in a fight against old conditions that have resulted in making the state doubtful. In that connection I have the greatest admiration for both Governor Folk and Speaker Clark, but a fight between the two will not tend to any harmonious result in the state.

"And the other states or delegations from other states would not consent to risking the nomination to a candidate who had a bitter factional fight to secure the indorsement from his home. Nominees are expected as a matter of course to carry their home state, and if factions are created through an indorsement it is extremely doubtful whether that can be accomplished.

"To my mind there is no doubt that the nomination of the Democratic party next year rests between Wilson—" and then Governor Warfield thought a moment as if he would change the order of chance, "—between Governor Harmon of Ohio and Governor Wilson of New Jersey. Both of them stand high in public estimation, both are highly regarded as leaders whose courage and experience qualify them for the presidency.

"It would be an interesting thing if Governor Folk should be placed on the ticket with whichever one of these two is nominated. With either Harmon or Wilson as the nominee for president, the ticket would be made strong by the nomination of Missouri's former Governor for second place. Such a matter would create a strange condition, should the ticket be elected, in that it would place Missourians at the head of the two houses of congress. That would create a condition which, I do not believe, has existed in the history of the country.

"I greatly admire Speaker Clark, but the talk of his candidacy for president disturbs the work he has in charge as speaker of the house. The campaign will be fought on what work is done in the next session of congress, and he should remain where he is, to finish the work started. Upon the work of that session depends the success of the Democratic ticket in the next campaign. His being urged for the presidency while that work is under consideration would divert from the necessary labor to bring about a successful accomplishment, and could not bring about as successful a result as it would be if the head of the house was permitted to attend to his duties without molestation. Mind you, I do not say this in anything other than in a friendly spirit to Speaker Clark."

A marriage license was issued Tuesday to Lee Wright and Rose B. Hayzlett of Graham.

Vernon, Laura Pittman teacher; Guthrie, Leatha Patterson teacher; Lone Tree, Edith Patterson teacher, and Evans, Vesper Nicholas. At half-past ten each teacher met her school in a wagon and hayrack. They all spent a very pleasant day playing various games and gathering nuts. Each one took dinner which was very inviting when served on the green grass in the woods. Each school had its songs, yells and colors. About 4 o'clock the jolly crowd parted, singing "God Be With You Till We Meet Again."

WHITE POPULATION OF COUNTY AS SHOWN BY CENSUS.

144 SLAVES WERE HERE

Only Half of the Population Could Read and Write—In 1850 the Population Was Only 2,118.

An interesting relic of ante-bellum days which may be seen at The Democrat-Forum office is a copy of the first paper ever published in Maryville, the Maryville Reporter, which contains many (to the present-day reader) curious items. Some valuable facts on the census of 1860 are published in the issue of December 14, 1860, which are here republished:

Males under 10 years of age	1,333
Females, under 10 years of age	1,342
Males over 10 and under 18	747
Females over 10 and under 18	748
Males over 18 and under 21	185
Females over 18 and under 21	150
Males over 21 and under 45	1,168
Females over 21 and under 45	1,080
Males over 45	559
Females over 45	286
Total number of males	3,907
Total Total number of females	3,476
Total white population	7,583

Of this number 3,774 can read and write.

There are in the county 144 slaves, 70 of whom are males. There are but two free negroes in the county.

In addition to the above we have two mutes, two blind, and one insane. The oldest person in the county is 102 years old.

"Hampden," two weeks since, estimated the population of the county at 7,410. A mistake of the printer made him say 6,410. His calculation therefore proves to have been very correct.

The number of children entitled to school privileges is 2,315.

Our population in 1850 was but 2,118. Considering the adverse circumstances, our increase has been very rapid.

PROPOSAL IN A BOTTLE.

Tarkio Man Wants Good-Looking Comanche Girl.

A dispatch from Medicine Park, Okla., to a St. Louis paper had the following:

"Wanted, to marry a Comanche county girl; one that's lovable and dutiful; no objections to poor if good looking. (Signed.) Alfred McNulty, 26, Tarkio, Mo., worth $100,000."

This matrimonial proposal, written on a card, inclosed in a bottle, was found today by members of the Boy Scout troop from Lawton when they climbed to the top of Mount Scott, near Medicine Park.

Inquiry reveals that Alfred McNulty is a cousin of Mrs. Ernest O. Gilliam of Lawton, Okla., whom he visited last week. He departed this morning for a western Oklahoma trip. McNulty owns several valuable Missouri farms near Tarkio.

Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy.

Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

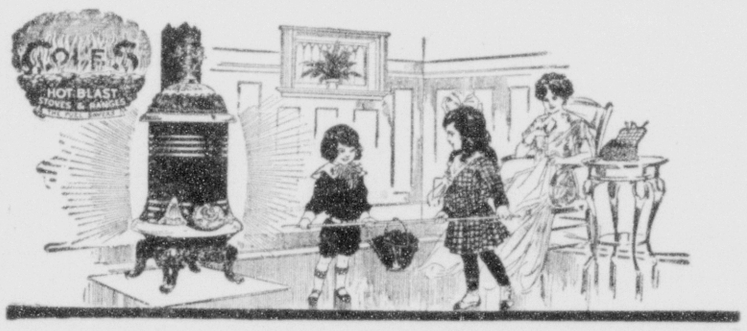
Don't neglect your hair. Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Dr. George W. Curfman of Denver, Col., who is the guest of Maryville relatives, accompanied by John C. Curfman of this city, went to Tarkio Tuesday to spend the day with their brother, Amon Curfman.

Gives Aid to Strikers.

Sometimes liver, kidneys and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little strike breakers—Dr. King's New Life Pills—to give them natural aid and gently compel proper action. Excellent health soon follows. Try them. 25c at the Orear-Henry Drug Co.



Half the Regular Fuel Supply Required

Cole's Original Hot Blast Heater, on account of the patented air-tight and gas-tight construction and patented hot blast combustion, gives perfect control over the fire.

Build Only One Fire a Winter

It is so perfect in construction that fire keeps all night—It saves the gases wasted with other stoves.

The cost of the stove is saved in fuel. $5.00 worth of soft coal, hard coal or lignite, or a $1.50 ton of slack or screenings will do the work of twice the amount of fuel in other stoves.

It is guaranteed to remain always air-tight, which means that it is always a fire-keeper.

Examine Cole's Original Hot Blast before you buy—Avoid imitations which only look like the genuine.

EFFICIENCY.

How Many Men Know How to Keep It at Par.

Thousands; yes tens of thousands of men, grow old ten years too soon.

If you are a man and realize that your efficiency is on the wane and that you are losing money and happiness in consequence, get a 50-cent box of Mi-o-ni stomach tablets today and take two after or with each meal for three days; then take one with each meal regularly until you feel well and vigorous.

Mi-o-na stomach tablets disinfect, tone up, restore elasticity to the stomach and intestinal canal and end indigestion. They do more; they increase the nutrition of the body, and in case of nerve exhaustion, sleeplessness, night sweats, bad dreams or any condition that requires a restorative, they act with astonishing rapidity. They can be found at the Orear-Henry Drug Co. and helpful druggists the world over.

Mrs. Thomas McDowell of South Main street went to St. Joseph Monday evening on a few days' business trip.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby of Marengo, Wis. (R. No. 1), prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price, 50c and $1.00. Trial bottle free. Guaranteed by the Orear-Henry Drug Co.

Mrs. J. B. Robinson and son Chilton returned Monday evening from their visit at Fairfield, Ia., with Mrs. Robinson's brother.

FREE REMEDY HELPS CHILDREN

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.

Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. Then, it is mild and never gripes. It is all that a child's remedy should be, though it is a good laxative for the whole family because it is effective at all ages. It is not dynamic like salts, pills and powerful cathartics, which should not be given to children under any circumstances.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—wonderful results have been secured with Syrup Pepsin over night.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle direct to your home. Then when satisfied buy it of your favorite druggist.

For the free sample address him. Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

COWETA TROUBLE NOT YET SETTLED

White Man Shot by Negroes and Another Disarmed.

SEARCH NEGRO HOMES FOR ARMS

Presence of State Troops Helps to Smother Second Outbreak—County Attorney's Death Has Aroused Whites.

Coweta, Ok., Oct. 24.—The race hatred which resulted in riots between negroes and white men here was augmented when it was learned that one white man had been waylaid and shot by negroes outside the town and another had been robbed of his arms.

The man who was shot was John R. Thompson, a section man for the Missouri, Kansas & Texas Railroad. He was found lying beside the track with one leg shattered by a bullet which was fired by a negro.

The man who was robbed was Herman Rea. He lives in the country and was on his way to town when negroes stopped him and took his weapons.

A report has reached here that two farmers have been killed in the country.

The presence of the state troops which are patrolling the town has prevented further trouble between the antagonistic races. The soldiers acted as guards after their arrival and are still on duty. They probably will remain here until the sheriff and extra deputies he will swear in are able to control the situation.

The soldiers searched the homes of a number of negroes and found arms in all of them. These arms were seized. Twelve negroes were arrested and sent in chains to the county jail in Wagoner.

The great fear here is from an invasion of negroes from the surrounding country. Coweta lies in the heart of a black belt, and if the negroes should so determine they could put a thousand armed men in Coweta within a few hours.

Carmen Oliver and Stellar Thompson, the two white men who were wounded are in a critical condition and not expected to live. Oliver is in a hospital here.

B. J. Beavers, the white lawyer who was killed, was a graduate of Leland Stanford University. He was prominent and popular in this section of the state. He and the other two white men shot were innocent bystanders, and Beaver's death in particular has aroused the whites. The riddling of Ed Suddeth with bullets by white men after he had once been strung up with a rope and let down before he was dead and after he had been turned over to a sheriff to be conveyed to the county jail at Wagoner, is an indication of the increasing wrath of the white men.

There has been race trouble twice before within the year in or near Coweta. The shootings were an outbreak of cumulative events.

DUMMY FIGURE ROUTED BURGLAR

When Night Prowler Saw it Move He Clubbed it and Fled.

San Francisco, Cal., Oct. 24.—After a vicious attack on an electrical dummy that graced the residence of Judge A. B. Treadwell of this city, a burglar fled from the premises leaving his loot behind. The imitation halberdier sustained a badly fractured headpiece and internal injuries.

The mail-clad dummy stood at the threshold of the main stairway in the Treadwell home. Pressure upon the staircase completed an electric circuit which caused the dummy to wave its arms, at the same time bursting forth in illumination. The burglar promptly "black jacked" the halberdier and fled.

Freed Woman Who Shot Him.

Tulsa, Ok., Oct. 24.—William Neff, formerly chief of detectives, who was shot by Mrs. Fannie Fagan in her apartments Friday night, is dead. Neff signed an affidavit stating he was the aggressor and that the shooting was justifiable. Neff was about 35 years old.

A Poison Case in Chicago.

Chicago, Oct. 24.—Chicago has added a "poison case" to the list of such cases appearing in courts in half a dozen states. Mrs. Helen Russ secured a warrant for her husband, John Russ, charging him with putting morphine in her food.

Grieved Over Failure.

Paris, Oct. 24.—Crazed with grief over the failure of his plan for the municipal ownership of the gas company, M. Mouchet, mayor of Elbeuf, in Normandy, killed himself with a revolver in the city hall.

LOOKS BAD FOR REV. RICHESON

Druggist Who Sold Poison Adds to First Statement.

MEDICINE TO KILL "PUPPIES"

Preacher Still Declare His Innocence —Relatives Will Assist and Legal Talent Will be Best Obtainable.

Boston, Oct. 24.—A startling bit of evidence which has been in the hands of the police for some time, but which they have carefully guarded, has just become known in the case of the Rev. Clarence V. T. Richeson, the Baptist minister charged with the murder of Avis Linnell.

When the police gave out the statement of William H. Hahn, the Newton druggist, where the Cambridge pastor is alleged to have bought cyanide of potassium, the drug that caused the death of Miss Linnell, they said the pastor had asked Hahn for a poison which "would kill a dog at his home, which was about to give birth to puppies."

It is said on authority that Hahn, the druggist, added another sentence to the conversation he claims to have had with Richeson and that the minister also said:

"I want a poison which will kill the puppies without killing the dog."

Hahn declared, it is said, that he said that he knew of no medicine or drug which would do this. The police attach considerable significance to this version of the conversation.

While the state was collecting its evidence, Mr. Richeson faced two leading members of his church and declared:

"I'm innocent and will prove it when the time comes."

Another visitor was his sister, Miss L. V. Richeson of Saranac Lake, N. Y., who spent nearly an hour at the door of cell 47, where the pastor is confined in what is known as "murderers' row."

All that money and the legal profession can provide to aid Richeson apparently will be forthcoming. In addition to the statement of Moses Grant Edmands, father of Richeson's fiancee, that the minister would have the best counsel money could provide, further assistance has been promised from his own family. Assurances of support came from Dr. W. A. Richeson of Amherst, Va., a wealthy uncle, who declared his fortune was at the command of the defense.

In view of the fact that the case is now in the hands of the district attorney and will be presented to the grand jury Thursday, a special sitting has been called to avoid a hearing before the municipal court.

EXPLOSION KILLS NINE MINERS

Black Damp in Illinois Mine Ignited When Keg of Powder Explodes.

Harrisburg, Ill., Oct. 24.—Nine men were killed, ten dangerously wounded were carried up by rescuers and fifteen more were imprisoned by a cave-in as a result of the explosion of a keg of powder, which ignited black damp in O'Gara mine No. 9, a mile south of here.

That more lives were not lost was due to the fact that the shift was changing when the explosion occurred. The explosion, although it occurred 400 feet down in the earth, was heard here.

Several men, protecting themselves with clothes over their noses and mouths, had themselves lowered down into the pit and began sending up the dead and injured.

WALSH DIES OF HEART DISEASE

Paroled Banker Out of Prison But a Week When he Was Stricken.

Chicago, Oct. 24.—John R. Walsh, former banker, publisher and railroad owner, released a week ago from the Leavenworth federal penitentiary, died of heart disease.

Mr. Walsh was 74 years old. Death came just nine days after his release on parole from the federal prison, where he had served one year, eight months and twenty-six days of a five-year sentence on a charge of misappropriating the funds of the bank to teh use of other enterprises.

Crop Pays for Land.

Wichita, Kan., Oct. 24.—The broomcorn center is Ellis county, Oklahoma, according to figures compiled by a Gage statistician. The Atchison, Topeka & San Fe railroad had a train of broomcorn out of Gage Saturday. The cars held ten tons each and each ton will make 800 brooms. Farm owners have made from broomcorn this year more than the purchase value of their land.

Rodgers is Resting.

San Antonio, Tex., Oct. 24.—Cal P. Rodgers, the aviator flying from New York to the Pacific coast, is spending the day here, making repairs to his biplane.

BIRDS CARRY HOG CHOLERA

EPIDEMIC IN KANSAS WORST EVER KNOWN.

Farmers Are Warned to Burn Diseased Carcasses—Being Used by Soap Factories.

Topeka, Kan., Oct. 24.—J. H. Mercer, state live stock sanitary commissioner, is making an investigation into the widespread epidemic of hog cholera to determine how the disease is carried from one farm to another, long distances apart. Kansas now has the most serious outbreak of the disease the state has ever known, and it is estimated by the live stock department that more than $1,000,000 has been lost this fall through the disease. The agricultural college serum plant is unable to supply the demand.

It is believed that the disease is carried by birds, and if this is the case the farmers themselves are to blame for the spread of the cholera. Mr. Mercer is making his investigations preparatory to making a set of regulations that are expected to be a great help in preventing the spread of cholera over the entire state as it is at present.

Dr. O. O. Wolf, a member of the state veterinary board, has sent out a warning to the farmers throughout the state urging that all cholera hogs be burned or buried to prevent birds getting at their bodies and carrying the disease to other hog lots.

Aa outbreak of the disease at LeLoup has wiped out five herds of hogs, and this was caused by the dropping of some litter from a car load of dead hogs being shipped to a Kansas City soap factory.

KILLED SWEETHEART AND SELF

Pierce City Man Had Tried Suicide Twice Before Over Same Woman.

Joplin, Mo., Oct. 24.—Lee Guthrie, 28 years old, a brakeman of Pierce City, Mo., shot and dangerously wounded Minnie Haynes, 27 years old of Joplin, in a rooming house at Pierce City and then sent a bullet into his own brain, causing death. Miss Haynes had refused to marry Guthrie.

Guthrie had lived in Joplin and his suicide was the third attempt in the last two months. A few weeks ago he attempted suicide in an Oklahoma railroad camp. Two months ago in Joplin Guthrie took poison but was saved by physicians.

At that time Miss Haynes laughed at him and called him a fool.

The girl had two bullet holes in her head. One bullet had killed Guthrie and he still gripped the revolver in his hand. The whereabouts of the girl's parents are unknown here.

FIRE DESTROYS COUNTY SEAT

Cabool, Missouri, Almost Wiped Out by Blaze of Unknown Origin.

Springfield, Mo., Oct. 24.—Fire at Cabool, county seat of Texas county, destroyed practically the entire business district. The origin is unknown. The loss is estimated at $65,000, partly insured. Fourteen buildings, including the Bank of Cabool, were burned to the ground. Other adjoining buildings and residences were badly damaged.

The fire was first discovered in the Roberts Mercantile store at 3 o'clock in the morning. Cabool has no fire department and hundreds of residents formed a bucket brigade finally succeeding in checking the flames.

Clark Howell, a hardware dealer, and Frank Burtman, a clerk, were injured by falling glass.

Land Lottery Opens.

Gregory, S. D., Oct. 24.—The Rosebud land lottery is open. On the choice of one of the little girls rests the decision as to who will be the owner of the richest quarter section of land in the Rosebud and Pine Ridge reservation. This land will adjoin the new townsite on the reservation and as soon as title is prefected can be sold as town lots.
